FANYOU WU

(765) 714 - 9530 ◇ wu1297@purdue.edu ◇ https://wufanyou.github.io/

EDUCATION

Purdue University Jan 2018 - **Dec 2021**
Ph.D in Forestry *Machine Learning Application in Forest Products*

University of Eastern Finland Sep 2015 - Apr 2017
M.S. in Wood Material

Nanjing Forestry University Sep 2011 - Jun 2015
B.E in Wood Material

INTERNSHIP

Envision Digital Aug 2017 - Dec 2017
Machine Learning Engineer
Develop machine learning solution for better predicting user demand of electricity.

COMPETITIONS

Amazon Last Mile Routing Research Challenge 2021
6th [*link*]
Develop prescriptive method for route optimization problems.

CVRP 2021 The 2nd Agriculture-Vision Prize Challenge 2021
2nd, 3000+1200 USD [*link*]
Develop models for farmland prediction based on image segmentation models.

NeurIPS 2020 Traffic4cast Competition 2020
2nd, 5000 USD [*link*]
Develop models for traffic map movies prediction based on image segmentation models.

KDD CUP 2020 Reinforcement Learning Competition Track 2020
1st in Reposition Track, 8000 USD [*link*]
Develop vehicle repositioning models based on Deep-Q learning.

IJCAI-19 Alibaba Adversarial AI Challenge-Competition 2019
1st in Traget Attack Track, 5000 USD [*link*]
Develop adversarial attack methods based on a modification of Projection Gradients Descents.

KDD CUP 2019 Regular Machine Learning Competition Track 2019
4th, 1000 USD [*link*]
Develop transportation recommendation models based on tree ensemble and node embedding.

Other Competitions 2017 – 2018
In total, more than 30000 USD [*link*]
Develop competitions solution mainly based on classic data mining models.
